## zBoost Helps The Doll Group at Morgan Stanley Smith Barney Eliminate Dropped Calls on 18<sup>th</sup> Floor

### Challenge:

The Doll Group has been missing or dropping cell calls on the 18<sup>th</sup> floor of their Atlanta, GA office.

### Solution:

We've been using zBoost for the past 6 months and absolutely love what it has done for our cell phone usability on the 18<sup>th</sup> floor of our office building. Since using zBoost, we no longer have dropped or even missed calls from clients, keeping us better connected to our lifeline.

### zBoost Products Used:

zBoost YX545 SOHO

Designed for consumers, zBoost SOHO cell phone signal boosters extend a Cell Zone™ for multiple users and ALL devices operating on 800 and 1900 MHz frequency bands except those using Nextel/iDEN, 4G or 2100MHz. zBoost SOHO boosts signal up to 3000 square feet, making it perfect for your home or office.

#### Company Overview

**The Doll Group at Morgan Stanley Smith Barney, LLC**

Atlanta, GA

### Benefits

- Boosts indoor signal for cell phones, smartphones, wireless data cards and wireless alarm panels.
- Reduces dropped calls and improves cell phone signal indoors, increasing performance of voice and data. Some of the benefits for the cell phone users include extending battery life, replacing landline phones, reducing or eliminating dropped calls and increasing wireless performance.
- Improves indoor cell phone voice and data signals for all major carriers (except Nextel).
- Utilizes distributed amplifier architecture for increased reliability and flexibility.
- All system components included for easy installation.
- System kits available for coverage areas up to 20,000 and 40,000 square feet.
- Uses patent-pending technologies that protect the carrier network.
