

zBoost SOHO Cell Phone Signal Booster Giveaway

August 19, 2010

Valued at \$399.99

Five lucky winners will receive a zBoost Cell Phone Signal Booster from Wi-Ex. Approx. retail value: \$399.99; wi-ex.com

Poor indoor cell phone signal continues to frustrate today's mobile consumer. With the zBoost SOHO YX545, you'll optimize a stronger signal for cell phones or other connected devices in your home or office. The zBoost SOHO YX545 provides more bars so you'll experience an up to 20 percent increase in signal strength. Optimizing software allows the unit to recalculate and optimize itself every 24 hours. There's also an easy interface with only one button on the unit to indicate that it is working properly.

The product package includes everything you need: amplifier base unit, power supply, base unit antenna, coaxial cable (RG59-mini), signal antenna and mounting hardware. The wide radio wave beam width directional antenna receives signals from multiple cell towers.
