

zBoost TRIO PRO™ ZBC775-A

Tri-Band AT&T 4G LTE Cell Phone Signal Booster

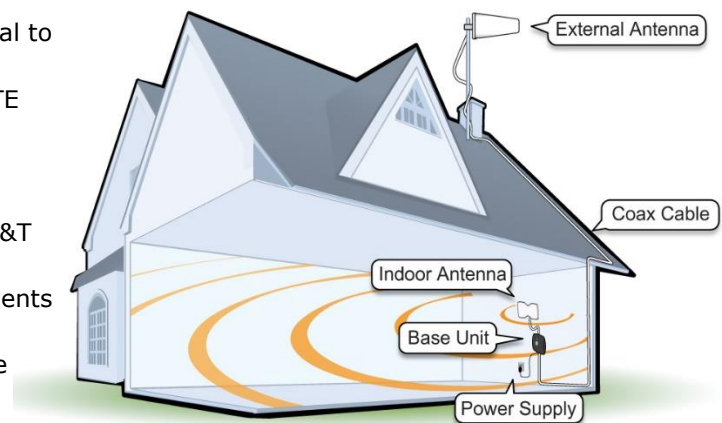

zBoost, a leader in consumer cell phone signal boosters, offers the improved zBoost TRIO PRO as the solution to missed and dropped calls inside large residential areas or buildings. The zBoost TRIO PRO boosts AT&T 4G LTE data as well as voice and text for all major carriers.

The zBoost TRIO PRO captures the marginal to reliable cellular signal you have outdoors and rebroadcasts it indoors, **up to 8,000 square feet**, so you can enjoy clearer, faster and more reliable service without interruption.

The ZBC775-A is backed by a 2-year manufacturer's warranty replacement and ships complete with an amplifier base unit, indoor antenna, power supply, 50 ft. and 15 ft. of RG-6 cable, external antenna, and mounting hardware.

Benefits include:

- High performance tri-band signal booster – coverage **up to 8,000 sq. ft.** (up to 85 dB system gain)
- Ideal for large residential areas or buildings use with marginal to reliable outside signal
- Reduces dropped and missed calls and provides faster 4G LTE data performance for multiple simultaneous users
- Boosts performance for iPhone™, Samsung™, Android™ and other phones and mobile devices
- Compatible with mobile phones and devices operating on AT&T 4G LTE, CEL (800 MHz) and PCS (1900 MHz)
- Automatically operates at optimal gain – no manual adjustments needed
- Extends phone battery life - phone uses less power when the indoor signal is stronger
- Designed in Silicon Valley – Made in North America

Technical Specifications	
PCS	
Frequency	1850 to 1990 MHz
System Gain	85 dB
Networks	CDMA, GSM, GPRS, EDGE, EVDO, 1xRTT, UMTS, HSPA, 3G
Cellular	
Frequency	824 to 894 MHz
System Gain	74 dB
Networks	CDMA, GSM, GPRS, EDGE, EVDO, 1xRTT, UMTS, HSPA, 3G
AT&T LTE	
Frequency	704 to 746 MHz
System Gain	73 dB
Networks	LTE (AT&T)
General	
Power Consumption	3W standby; 7W max signal - 2.5A Max
Wall Supply Input; Voltage	100-240VAC 50-60 Hz; 5.0VDC
System Certifications	FCC Parts 15 & 20, Industry Canada
Base Unit Size and Weight	5" x 7" x 1.25" – 9 oz.
Coverage (open areas)	Up to 8,000 sq. ft.
