

**zBoost-ONE™ YX400-P Signal Booster**  
**For Sprint® and MetroPCS®**  
**Extending Cell Zones™ for the Home or Office**

Designed for consumers, the zBoost-ONE™ cell phone signal booster extends a Cell Zone™ for 1 – 4 phones/devices on the same PCS carrier (either Sprint or MetroPCS). The zBoost-ONE supports voice and data protocols at 1900MHz in their homes or offices, boosting signal up to 1200 sq. ft. or up to 40 feet from the unit. zBoost-One, the **FIRST ONE PIECE** cell phone signal booster actually **SYNCS to your carrier** to reduce dropped calls and increase call clarity.

**Set-Up is as easy as:**

1. Put unit in window (or wherever you get signal)
2. Plug in power supply
3. Sync to your carrier network by pressing the SyncLink button and making a call
4. Package includes everything you need - zBoost unit (pictured) and power supply (not pictured).

**Benefits include:**

- Increases indoor signal coverage – up to 1200 sq. ft. or 1 - 2 rooms
- No external antennas – ONE PIECE!
- Easy to set up – just put it where you get signal and plug it in
- Supports 1 to 4 users operating on the same carrier network
- Compatible with phones, Smartphone's and data cards using Sprint or MetroPCS
- Extends phone battery life (uses less power when signal is stronger)
- Protects the operator's network using patent-pending technologies
